COMMISSION SCHEDULE

General Agent⁺

- + As set forth in the Agent's Contract these terms and conditions shall apply to all Commissions you earn from Us:
1. The Commission Schedules may be amended by the Company at its sole discretion. Any amendment to a Commission Schedule will apply only to applications written after the effective date of the amendment. You are responsible for remaining familiar with any updates or amendments to the applicable Commission Schedule(s). You will be notified of any update or amendment to Your applicable Commission Schedule(s).
 2. If the Annuitant and Owner are different, commissions will be based on the older age, where applicable.
 3. To receive any commission payable after the first contract year, the policy/contract must be active and the agent must be in good standing with the Company.
 4. Should the Company, at its sole discretion, deem it appropriate at any time to cancel a policy/contract and/or refund any premium on which you were paid commission, then such commission earned will be charged back to you.
 5. All commissions in this Commission Schedule shall be reduced by the amount which the Company, pursuant to the terms of the applicable Commission Schedule(s), pays directly to your Agents. American Equity reserves the right to reduce your commission payable if any agent in your direct downline is affiliated or becomes affiliated with a Broker-Dealer. We will notify you of any reduction resulting from your downline's affiliation with a Broker-Dealer.
 6. Except as set forth in the applicable Commission Schedule, first year commissions will be fully vested as they accrue, and the 13th and 25th month commission payments on annuity policies/contracts will be considered first year commissions for vesting purposes. Service fees will be paid as stated in the applicable Commission Schedule or amendments thereto.
 7. The Company will furnish to you, no less than monthly, statements showing commissions credited and other account entries within such account period. Commissions shall be payable no less than monthly on validly issued policies/contracts, unless such amounts do not exceed \$30.
 8. Commissions will be charged back on all Deferred Annuities if the annuitant and/or owner dies of natural causes or suicide in the first contract year and contract value is taken out in a lump-sum as determined by the date of death, not the date of payout. The charge back is equal to 100% in the first policy month and reduced by 1/12 each month thereafter through the end of the first Contract Year. If a spousal continuation is done and the spouse subsequently decides to surrender the contract there will be a charge back if processed in:
1st Contract Year – 100% of the pro-rata amount based on date of death
2nd Contract Year – 75% of the pro-rata amount based on date of death
3rd Contract Year – 50% of the pro-rata amount based on date of death
4th Contract Year – 25% of the pro-rata amount based on date of death
 9. Commissions will not be paid on premiums received after the date of death of an owner or annuitant.
